

Alex Novoselov: GSG Exec – Secretary

My name is Alex Novoselov, and I am a fourth-year graduate student in MAE. My goal is to serve as your GSG secretary in the following year. I believe I have the desire and necessary attention to detail to succeed in this position and give back to the graduate student community at Princeton.

The secretary plays a critical role in the graduate student government by recording the minutes at the monthly assembly meetings. Through these minutes, information relevant to the entire graduate student body is spread to a wider audience. I recognize the importance of these minutes and believe that sharing them in the most efficient and easily digestible way is paramount. To that end, I pledge to work my hardest to do just that.

My most recent experience in a leadership role representing students was as the internal affairs officer of Pi Tau Sigma, a mechanical engineering honors society. During this year-long position, I learned just how difficult, but also rewarding, representing your fellow students can be. I pledge to take what I've learned from this and other experiences to represent the current student body as best I can.

Finally, I pledge that I will do my best to represent the graduate student body thoroughly and honestly.

Thank you for your time,

Alex Novoselov
