

Laura Bustamante

Candidate for Special Events Officer

Q: What is your position on graduate student unionization?

A:

Thank you for your question. My sense has been that the GSG serves some overlapping functions with what a union would be tasked with. My experience this past year has been positivity respect to how responsive the administration is and willingness to enact changes requested by graduate students. In many cases I am in favor of unions as a critical institution to protect laborers. I'm not an expert in terms of what a graduate student union would look like, however I do feel satisfied myself contributing to bettering grad life through the GSG.
